# Costume Talk, Sweetened with Bargains

It isn't necessary to add the bargain attraction to secure your attention. You are giving every word we say about costumes the favor of your prompt and practical interest. And, without false modesty, why should you not? If we didn't think we deserved your appreciation, it would be because we didn't deserve it. But we do, and we know we do. There isn't such another collection of Summer gowns as this in all America.

Many new ones in the past few days from across the water, with which the best of New York productions compete for the palm. It's for you to decide. The prices will not help you much, for even the elaborate productions from Paris and Berlin are inexpensive. Many at \$25, some at \$15, and some even less.

And for straight, manifest bargains, look over these

#### Reduced Prices in Tailor-Made Suits

Not a special purchase,-every garment is one of our own, and the new price is a fair and square reduction from our own original figures. Not one of them, either, that you would hesitate to buy at the first price; it's a Wanamaker movement-opportune, attractive, and made without explanation.

### Rich Opportunities in Richest Goods

Of course, being the "richest goods" they are the Paris Novelty Dress Goods, -the entire remainder of our collection.

They find themselves marked with new figures this morning, for their time has come. A third has been taken from their prices.

They are our own goods and our own exclusive styles. They are in weights and patterns for Summer wear. There are colorings and styles for every taste.

### Women's 50c. Handkerchiefs at Half

There is news of importance in the handkerchief trade. St. Gall has cabled the decree of a thirty per cent. advance on Embroidered Handker-

Wanamaker's replies with this announcement, cutting a present price in half. It is not the first time that the store has thrown its gauntlet at the market.

The offer receives the honor of a special table in the main aisle. On that table there are, this morning, three hundred and fifty-four dozen alllinen, embroidered and scalloped-edged handkerchiefs that will not be there to-night, for the price on them is

#### Twenty-five Cents Each

The goods were imported to sell at 50c. each, and would have so sold. They are fifty-cent handkerchiefs. The styles are the best-selling we have found.

# Women's \$3 Shoes for \$1 a Pair

Seventeen hundred and thirty-one pairs of Women's Shoes at a dollar a pair. And the tale that hangs thereby is worth reading.

It is a blast from the Fifth Floor Shoe Store, the Half Price Shoe Store that has had a month of history quite unparalleled in our records.

For some weeks past it has been selling Women's Shoes at \$1.40, \$1.50, and \$1.70, that by all shoe standards known to the retailer were a full \$3 worth. These were practically half prices on new and seasonable goods; and great was the sale thereof.

Now all that are left of these, 1731 pairs, are offered this morning at

#### A Rare Fabric at a Rare Bargain

The fabric is called "Fil et Soie," and it is intended as the very finest thing possible in a shirt-waist material. A more exclusive thing in pattern cannot be; -the styles we show have no duplicates on this side of the Atlantic. It is a fabric very seldom sold by the yard, being generally kept as exclusive stock in high-class women's tailoring shops.

That was the purpose for which we brought it over, but it came a little late. You may have it by the yard at
